

THE PINES GOLF COURSE 2022 LEAGUE POLICIES

Thank you so much for choosing The Pines again this year for your league. We look forward to serving you this year. You will find most policies unchanged from prior years, but there will be a few important changes which will be highlighted below.

- We will no longer be charging \$40 league fees.
 - League players will not have to pay \$40 prior to playing league rounds.
 - This also means that we will no longer be accumulating pro shop credit as we had in the past.
 - All leagues will have to decide how they want to handle prize money, but that money will no longer be handled through the pro shop.

League night fees for league players will be \$23.00 to ride and \$14 to walk. Makeup rounds can be played at any time during the week. The Pro Shop Staff, in conjunction with the league secretary, will determine if league play will be rescheduled due to weather or golf course conditions.

All league players will be entitled to the following:

- \$8.00 for 9 holes with or without cart played before your league (on your league night only).
- Free play with or without a cart played after your league (on your league night only).
 - Must check with pro shop staff prior to going back out
- \$23.00 anytime for 9 holes with cart.
- \$14.00 anytime for 9 holes walking.
- \$20.00 anytime for 18 holes walking.
- \$32.00 anytime for 18 holes with cart.

- League outings scheduled throughout the season which will be exclusive to league players.

- 2 complimentary 9 hole rounds with prepayment of all league green and/or cart fees on your first league night. These are valid for use anytime.

- League food and drink specials throughout the week.

All play will start from the #1 or #10 tee. Any deviation must be cleared with the Pro Shop. Practice must be on the driving range and putting green only unless you have cleared another arrangement through the Pro shop that night.

We appreciate league players teeing off within their allotted tee times. We do have other players with tee times before and after the times allotted for leagues. Given unusual circumstances, especially bad weather, we ask the league's cooperation in working with the Pro Shop to accommodate all players.

Thanks,

John Sommerville
